

This document serves as an official statement and confirmation that we have integrated and are actively utilizing the SurfProtect® Quantum system within our school's online safety framework.

SurfProtect® Quantum is a comprehensive digital safety solution designed to enhance the security of online environments, particularly within educational institutions. This system allows us to effectively safeguard our students and staff from exposure to harmful digital content, in line with the government's statutory Prevent duty.

Our commitment to creating a safe and secure digital environment for our school community is unwavering. The implementation of SurfProtect® Quantum is a significant stride towards achieving this goal, and we are confident that its deployment will greatly enhance our ability to protect our students and staff from potential online threats.
